

Spiritual Health Wheel

This diagram will help show how you're doing in important areas of spiritual life and will help you gauge where you are on your faith journey. Print it out for yourself and color in the segment in each section with the the score from your spiritual assessment to plot your progress. In order to grow in faith, consider which of these pathways (closer to the outer ring) may be best for you to be able to take some steps toward spiritual maturity and 'loving like Jesus.'
